

AMCP Launches Drug Product Pipeline

AMCP and Aperture are proud to present the AMCP Drug Product Pipeline, the latest innovation in providing access and insight into the formulary decision-making process. Designed to alleviate the workloads of pharmacy benefit managers and health care decision makers, the Pipeline aggregates data from government databases as well as other publicly available sources to provide a one-stop portal featuring the next generation of pharmaceuticals. AMCP members have exclusive access to the entire interactive portal.

AMCP Statement on California vs. Texas Decision

On June 17, the U.S. Supreme Court upheld the Affordable Care Act (ACA), protecting health care for millions of Americans. As the country emerges from a global health crisis, striking down the ACA could have negated pharmacy benefits and removed protections for the 135 million Americans who have pre-existing conditions — exposing them to higher prices for coverage and making coverage unattainable for many. We are pleased the highest Court upheld the ACA.
