AMCP MEMBER BROCHURE

There's no better time to belong THAN NOW!

"AMCP and members' advocacy work is crucial to shaping the future of managed care pharmacy. It's like playing the game versus being in the stands."

Billy West, MBP, PharmD

AMCP VALUED MEMBER SINCE 2000

Giving You Tools You Can Use

AMCP has developed a number of tools and guides that you can use in your practice. The AMCP Format for Formulary Submissions is used by P&T committees across the country every day. AMCP also has Concept Papers and toolkits on key issues to help you explain managed care pharmacy issues to colleagues, managers, health professionals and so on.

In addition, AMCP Partnership Forums bring together leaders from diverse stakeholders — including payers, pharmacies, integrated delivery systems, HEOR analysts, academics, providers, and pharmaceutical manufacturers — to discuss key issues facing managed care pharmacy and collaboratively help shape the changing health care landscape.

Advocating for Managed Care Pharmacy

You can count on AMCP to represent your professional interests when and where it matters the most. Through member involvement and ongoing efforts by AMCP's professional staff, you can be assured that your voice will be heard by those who make the policy and regulatory decisions affecting managed care pharmacy. AMCP's Advocacy Center and Federal and State Legislative tracking tools help keep you abreast of the latest information and easily communicate important issues to elected officials.

AMCP Works for You by ...

Saving You Time — Your One-Stop for Managed Care Pharmacy Information

Let's face it: there is no shortage of information in today's world. But who has the time to look at all that's out there to find what you want? AMCP has the information and resources you need in one place for the key issues facing managed care pharmacy. AMCP.org has resource sections that compile the latest in areas important to you, including specialty pharmacy, biosimilars, quality, value, comparative effectiveness research (CER) and other managed care pharmacy issues. And, don't forget the latest research in the Journal of Managed Care and Specialty Pharmacy (IMCP).

Keeping You Current

Did you have time this morning to read all the major newspapers and watch the news shows to hear what they are saying about managed care pharmacy and health care issues? AMCP did. AMCP Daily Dose™ goes to members each business day via email and includes a summary of the top stories from across the country that affect you. AMCP's Monthly Legislative and Regulatory Briefing provides you with a summary of recent legislative and regulatory developments affecting managed care pharmacy—key in today's environment. Our informative webinar series brings you the hottest issues from leading speakers at no cost to AMCP members.

Growing Your Professional Connections

AMCP is the place to interact with individuals throughout the field of managed care pharmacy. Whether you connect at an AMCP national or affiliate meeting, or through AMCP's online Membership Directory, committee service or AMCP's LinkedIn, Facebook or Twitter communities, the connections you make at AMCP are ones you will have (and use!) for a lifetime.

"I continue to renew my membership because AMCP meets many of my professional needs. The organization is a great resource for information related to managed care."

Debbie Meyer, RPh

Who is AMCP?

AMCP is the professional association leading the way to help patients get the medications they need at a cost they can afford. AMCP's diverse membership of pharmacists, physicians, nurses, and professionals in life sciences and biopharmaceutical companies leverage their specialized expertise in clinical evidence and economics to optimize medication benefit design and population health management, and help patients access cost-effective and safe medications and other therapies. AMCP members improve the lives of nearly 300 million Americans served by private and public health plans, pharmacy benefit management firms, and emerging care models.

AMCP advocates at the national and state level for developing and applying evidence-based medication use strategies that improve access to medication, enhance patient and population health outcomes, and safeguard the wise use of health care dollars.

AMCP Mission

To improve patient health by ensuring access to high-quality, cost-effective medications and other therapies.
