# This is my story...

**Jann Rigell, VP, Regional Pharmacy**

*'Grateful for such a fulfilling career'*

## WHAT DRIVES ME

I am in a constant state of learning. So, acquiring more and more knowledge about my profession, our company, the markets we serve, and pharmacy practice issues is what drives me on a day-to-day basis.

I enjoy supporting my teams and colleagues in their own professional development by helping them to identify their own career paths and map them out. I love to watch people blossom and realize their own power and worth.

## EXPERIENCE

## PERSONAL HISTORY

- I have been a pharmacist for 31 years. I volunteer on various committees for professional associations. I am proud graduate of an HBCU college of pharmacy. I received my MBA 20 years after I graduated from pharmacy school.
- I am the youngest of 5 siblings and the only pharmacist in the family.
- My great grandmother was the first family member born free and not in slavery.
- I am my older sister's mini-me. My great niece is my mini-me!

## MY DESCRIPTION

- I consider myself a collaborator but unafraid to give pointed and specific direction when needed to move a project along.
- I have been a long-time mentor for women in business through the Women Unlimited program.
- However, I have also been an informal mentor to many of the students at the FAMU Student AMCP chapter.
- I love to laugh! Even at corny dad jokes! My current team and I laugh during every meeting, at least once!

## PERSONAL NOTE

- I am a lymphoma survivor. I am an unapologetic, crazy dog mom of 3. I am true crime junkie. And I love action movies.
- I recently became the Board Chairman for Pathlight Home, which is an organization founded by my grandfather to provide permanent housing to the homeless in Orlando.
- I love to read mystery novels/thrillers and have been known to be reading multiple novels at once, switching books in the same week or day!

## EDUCATION
