

LEADING THE WAY IN MANAGED CARE PHARMACY

Join the Community that Drives Pharmacy Innovation and Patient Outcomes

AMCP is the leading managed care pharmacy association, ensuring patients access the medications they need at affordable costs.

We offer essential tools for professional development, career growth, peer learning, and advocate for legislative changes to help members succeed. Our membership includes licensed pharmacy professionals and experts from health plans, biopharmaceutical companies, PBMs, IDNs, patient advocacy groups, consulting firms, and academia.

FOR STUDENTS

Joining AMCP as a student is a critical career step. You'll access resources, mentorship, and networking to smoothly transition from academia to the workforce.

- Study materials and career resources
- Internship and job placement opportunities
- Networking with professionals
- Participation in student programs at national meetings
- Mock interviews to boost job readiness
- Exposure to diverse career pathways
- Peer and mentor support

FOR EXPERIENCED PHARMACISTS

Experienced pharmacists benefit from continuous professional development and leadership opportunities through AMCP.

- Advanced resources and education
- Networking with peers and leaders
- Leadership opportunities within AMCP
- Recognition through awards and the Fellows Program
- Mentorship for students
- Involvement in shaping industry standards
- Insights on critical trends

FOR NON-PHARMACIST PROFESSIONALS

Non-pharmacist professionals are vital in improving patient outcomes and navigating healthcare complexities. AMCP provides resources to enhance their impact.

- Collaboration with healthcare providers
- Access to evidence-based resources
- Policy engagement
- Networking with diverse professionals
- Industry trends and regulatory updates
- Patient safety and medication adherence resources
- Professional development through webinars
